

The Arizona State Men's Ultimate Team is a growing force in the college ultimate world. Following our second straight year at Regionals, we are primed to make the transition to an elite squad. The experience of the team has been steadily growing over the past few years with the addition of more and more top-tier high school players and we hope that this, in addition to our supreme work ethic, will soon make us one of the top contenders from the Southwest Region. We also have the advantage of having beautiful weather year round, allowing us to continuously work at becoming a better team. Check out our website at [www.ArizonaStateUltimate.com](http://www.ArizonaStateUltimate.com).

**Who:** Arizona State University
