## Medford, MA

Founded in 1972 under the motto Pax et Frisbus, Tufts was one of the original college Ultimate Teams. With an A team that repeatedly goes to nationals, as well as B and C teams that routinely beat other colleges' A teams, the Elephant Men of Tufts boast one of the biggest and most successful ultimate programs in the country.

The team is able to be a program because of the leadership of a core group of coaches made up of current and former elite open club players including 2002 Callahan award winner Mike Zalisk.
