Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidating financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidating financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidating financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidating financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidating financial The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidating financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the consolidating financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the

reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidating financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

ULTIMATE PLAYERS ASSOCIATION d/b/a USA ULTIMATE USA ULTIMATE FOUNDATION

Notes to Consolidating Financial Statements For the Year Ended December 31, 2018

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

USA Ultimate (the Corporation) is the national governing body for the sport of Ultimate and is a member of the World Flying Disc Federation. The Corporation is responsible for the promotion and development of the sport of Ultimate in the United States.

The USA Ultimate Foundation (the Foundation) was incorporated in 2014. The purpose of the Foundation is to raise funds and acquire assets that will enable USA Ultimate to support and grow the sport of Ultimate in the United States.

Accounting Standards Update

On August 18, 2016, the FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) - Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organizations have adjusted the presentation of the consolidated financial statements, accordingly, applying the changes retrospectively to the comparative period presented except for the presentation according their of prior year expenses to natural classification which is allowable under transition guidance for ASU 2016-14. The new standards change the following aspects of the Organizations' financial statements:

- The temporarily restricted and permanently restricted net asset classes, if any existed, have been combined into a single net asset class called net assets with donor restrictions.
- The unrestricted net asset class has been renamed net assets without donor restrictions.
- The financial statements now include a presentation of expenses that describes both the functional nature of the expenses and their natural classification according to the actual usage of resources.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

• The financial statements include a new disclosure about liquidity and availability of resources (Note B).

The changes have the following effect on net assets at December 31, 2017:

| Net Asset Class | Originally resented | r Adoption SU 2016-14 |
|---|------------------------|--------------------------|
| Unrestricted net assets | \$ 2,022,702 | \$ |
| Temporarily restricted net assets | 84,852 | |
| Net assets without donor restrictions Net assets with donor | | 2,022,702 |
| restrictions | | 84,852 |
| Total net assets | \$ 2,107,554 | \$ 2,107,554 |

In addition, certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Basis of Presentation

The financial statements of USA Ultimate are being presented on a consolidated basis with the USA Ultimate Foundation in order to conform to the requirements of FASB ASC 958. The Statement requires consolidation when one nonprofit has a controlling financial interest in another nonprofit entity through solecorporate membership.

Transactions between the two entities are shown as eliminating entries and removed to properly reflect consolidated totals. Neither the total net assets nor the change in net assets of the Foundation are presented in the USA Ultimate columns of the consolidating financial statements.

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

 Net assets without donor restrictions: net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organizations.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

• Net assets with donor restrictions: net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature, such as those that will be met by the passage of time or other purposes specified by the donor. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Income Taxes

The Corporation and the Foundation qualify as tax-exempt organizations under Section 501(c)(3) of the Internal Revenue Code and, accordingly, are not subject to federal income tax. Accordingly, no income tax provision has been recorded. However, income from certain activities not directly related to the Corporation's and Foundation's tax-exempt purposes are subject to taxation as unrelated business income.

The Corporation's and Foundation's forms 990, Return of Organization Exempt from Income Tax, are subject to examination by various taxing authorities, generally for three years after the date they were filed. Management of the Corporation and the Foundation believes that they do not have any uncertain tax positions that are material to the financial statements.

Membership Registrations

Membership dues consist of annual, two-year, three-year, five-year and lifetime registrations and are recognized as revenue over the duration of the membership. Lifetime memberships are recognized over fifteen years.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

Cash and cash equivalents consist of amounts in the Corporation's and the Foundation's checking and money market accounts. The Corporation and Foundation maintain their cash and cash equivalents at commercial banks. In the event of a bank failure, the Corporation and the Foundation might only be able to recover the amounts insured.

Accounts Receivable

Accounts receivable are stated at the amount the Corporation and Foundation expect to collect from balances outstanding at year-end. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that an allowance for doubtful accounts at December 31, 2018 and 2017, of \$1,000 is necessary. Accounts receivable outstanding for more than 60 days are considered delinquent. Delinquent receivables are determined to be uncollectible on a case by case basis and are written off to bad debt expense at such point of determination.

Inventory

Inventory is stated at the lower of cost (first-in, first-out method) or market and consists of discs, kits, rulebooks, cones, clipboards, DVD's, manuals, guides and clothing.

As of the beginning of 2018, the Organizations began stating inventories prospectively at the lower of FIFO cost and net realizable value. This change was made in response to a recent FASB standard issued as part of the Financial Accounting Standards Board's simplification initiative.

Under the prior method, market was replacement cost, subject to possible adjustments. Net realizable value is generally based on the selling price. The change is intended to reduce complexity in financial statement preparation. This change had no significant effect on the change in net assets for 2018.

Furniture and Equipment

Furniture and equipment are recorded at cost or, in the case of donated property, at their estimated fair value at date of receipt. All acquisitions of furniture and equipment in excess of \$750 are capitalized.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Furniture and Equipment - continued

Depreciation and amortization are recorded using the straight-line method over estimated useful lives of three to seven years. Depreciation and amortization expense for the years ended December 31, 2018 and 2017, was \$102,316 and \$93,877 respectively.

Supplemental Cash Flow Disclosures

The Corporation and the Foundation paid no interest or income taxes during the years ended December 31, 2018 and 2017.

Functional Allocation of Expenses

Certain costs and expenses are allocated among the various programs and supporting service expenses based on salary expenses. The expenses are allocated based on internal records and estimates made by the Organizations' management. Personnel expenses are allocated on the basis of estimates of time and effort spent by personnel in the various program and supporting services made by the Organizations' Management. For the years ended December 31, 2018 and 2017, the Corporation's supporting service expenses amounted to 12.40% and 9.82%, respectively, of total support and revenue.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

Prior Year Comparisons

The financial statements include certain prior year summarized comparative information in total but not sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Corporation's financial statements for the year ended December 31, 2017, from which the summarized information was derived.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Donated Services

The Corporation and the Foundation receive a substantial amount of donated services in carrying out their programs. No amounts have been reflected in the financial statements for those services since they do not meet the criteria for recognition under ASC 958, "Not-For-Profit Entities".

Advertising

The Corporation and the Foundation expense costs of advertising and promotion as such costs are incurred.

Date of Management's Review

In preparing the financial statements, the Corporation has evaluated events and transactions for potential recognition or disclosure through May 8, 2019, the date that the financial statements were available to be issued.

B. AVAILABLE RESOURCES AND LIQUIDITY

The Organizations maintain liquid financial assets sufficient to cover 180 days of operating expenditures. Financial assets in excess of immediate cash requirements are invested in certificates of deposit, money market funds, savings accounts, and other short-term investments.

The following table reflects the Organizations' financial assets as of December 31, 2018 and 2017, reduced by amounts that are not available to meet operating expenditures within one year of the statement of financial position date because of internal board designations. Amounts not available include the operating reserve, set by the board of directors at 30% of annual budgeted expenses and other amounts for strategic surplus. In the event the need arises to utilize the board-designated funds for liquidity purposes, the reserves could be drawn upon; however, Management has no intent to do so.

Through the Foundation, the Corporation receives occasional contributions with donor restrictions to use in accordance with the associated purpose or time restrictions. The Corporation has donor restricted investments of \$77,585 and \$84,852 as of December 31, 2018 and 2017, respectively. Income from donor restricted contributions is restricted for specific purposes, and, therefore, is not available for general expenditure.

C. FAIR VALUE MEASUREMENTS

The Corporation and Foundation apply Generally Accepted Accounting Principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities, accessible to the Corporation and Foundation at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 Unobservable inputs that are not corroborated by market data.

C. FAIR VALUE MEASUREMENTS - Continued

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Organizations record transfers between levels at the end of the reporting period.

The following tables present assets that are measured at fair value on a recurring basis at December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

The Corporation has placed a portion of its investments in a pooled investment fund sponsored and managed by the United States Olympic Endowment (USOE). The USOE invests on behalf of the United States Olympic Committee (USOC) and various national sports organizations recognized by the USOC.

As of December 31, 2018, the USOE portfolio was invested in the following types of securities:

| Alternative investments | 39.11% |
|---------------------------|-----------------|
| Domestic equities | 29.74 |
| International equities | 18.32 |
| Domestic bonds | 6.77 |
| International bonds | 3.64 |
| Cash and cash equivalents | <u> 2.42</u> |
| | <u>100.00</u> % |

C. FAIR VALUE MEASUREMENTS - Continued

The alternative investments include hedge equity funds, private equity funds, real estate funds and limited partnerships.

Some investments are exposed to various risks that may cause their reported fair values to fluctuate from period to period and could materially affect the recorded amount of investments in the Corporation's financial statements. Investments in equity securities fluctuate in value in response to many factors, such as the activities and financial condition of individual companies, general business and industry market conditions and the state or perceived direction of the economy. The values of debt securities fluctuate in response to changing interest rates, credit worthiness of issuers, and overall economic policies that impact market conditions. The values of certain investments, such as hedge funds, can fluctuate in response to direct market conditions and other factors that may or may not have a high correlation to overall market direction.

Though the market values of investments are subject to fluctuation, management believes that the investment policy is prudent for the long-term welfare of the Corporation.

Investment income consists of the following at December 31, 2018 and 2017:

| | <u>2018</u> | <u> 2017</u> |
|--|-------------------------------------|----------------------------------|
| Interest and dividends Unrealized gain on securities Realized gain on securities | 20,458 (55,528) <u>21,136</u> | \$ 15,109 57,235 62,390 |

H. LEASES

The Corporation entered into an operating lease for office and storage space in Colorado Springs, Colorado in January 2015. This lease requires monthly payments at an initial base rent of \$3,497 starting January 1, 2016.
